Certain information has been redacted from the published version of the Business Case. The redactions have been made in accordance with the need to protect information that is either commercially sensitive or confidential in nature. Specifically, the following categories of information have been withheld:

Commercially Sensitive Information

Some content has been redacted on the grounds that its disclosure could adversely affect the commercial interests of Northern Endurance Partnership or its stakeholders. This includes, but is not limited to, detailed cost breakdowns, contingency calculations, contractors’ information and other proprietary business information.
